# TURN OVER TIME

When Nature Hints About the Food.

When there's no relish to any food and all that one eats doesn't seem to do any good, then is the time to make a turn-over in the diet, for that's Nature's way of dropping a hint that the food isn't the kind required.

"For a number of years I followed railroad work, much of it being office work of a trying nature. Meal times were hurried, and eating too much and too quickly of food such as is commonly served in hotels and restaurants—these, together with the sedentary habits, were not long in giving me dyspepsia and stomach troubles, which reduced my weight from 165 to 135 pounds.

There was little relish in any food and none of it seemed to do me any good. It seemed the more I ate the poorer I got and was always hungry before another meal, no matter how much I had eaten.

"Then I commenced a fair trial of Grape-Nuts, and was surprised how small a quantity of it would carry me along, strong and with satisfied appetite, until the next meal, with no sensations of hunger, weakness or distress at all.

"I have been following this diet now for several months and my improvement has been so great that all the family have taken up the use of Grape-Nuts, with complete satisfaction and much increased health and brain power.

"American people undoubtedly eat hurriedly, have little time to savor their food, and therefore need a food that is palatable and concentrated in nourishment. Grape-Nuts, sold by Postum Co., Battle Creek, Mich.

# TO SURRENDER MORGAN SMITH

Nan Patterson's Counsel Gives Promise to District Attorney Jerome for Monday.

# POLICE SEARCH CONTINUES.

Captain Sweeney Believes That Missing Witness Will Be Ready to Testify When He Confronts Grand Jury.

New York, June 11.—Counsel for Nan Patterson has informed a representative of the District Attorney and also the detectives who have been searching for him, that J. Morgan Smith, brother-in-law of the woman, who is held pending investigation into the death of Bookmaker Frank T. Young last Saturday, will be surrendered next Monday.

At the same time assurance was given that Smith will then appear before the Grand Jury to purge himself of the contempt of court which he committed when he failed to answer a subpoena. Smith is now outside the State, and is safe from the warrant of attachment issued last Thursday by Judge Newberger, but it had been the intention of the District Attorney to have him arrested on another charge and brought back to this city.

The promise to surrender him probably will cause District Attorney Jerome to abandon that plan, though the police will continue the search for the missing witness.

Captain Sweeney, in whose district the shooting occurred, believes no great difficulty will be experienced in persuading Smith to tell all he knows about the death of Young, and the causes leading up to it. There are reports, which as yet are unconfirmed, that the attitude of the defense will change next week, and that an explanation of the tragedy of the cab will be offered by the woman who was Young's companion when he was shot.

# NURSES' TRAINING SCHOOL TO BE SHOWN IN DETAIL.

Johns Hopkins University Has Complete and Interesting Exhibit in Education Building.

Among the exhibits which are to be shown in the Education building at the Fair grounds is one from the Johns Hopkins Hospital, Baltimore, demonstrating the work of the training school for nurses and the unique in being the only exhibit which is distinctly nursing.

The walls of the space allotted to this school are hung with views of the hospital's exterior and of the wards, supply rooms, laboratories, students' sleeping apartments, as well as photographs of groups of nurses at work under instruction in the diet, children's, laboratory, pharmacy, storerooms and various classrooms during recitations in bandaging, practical nursing, etc.

Nursing appliances, such as extension stockings, group and inhalation tents, tubs for typhoid baths, which are in use throughout the wards are demonstrated by means of miniature models, which are set up in working order and accompanied by photographs of patients upon whom similar devices are being used.

A small corner being given over to the bacteriology nursing shows the tuberculous nurse's basket fully equipped, charts, record books and a tent for the patient's treatment of the patient's condition. A miniature operating room shows the methods there employed for preparing a patient and the solutions for cleaning up the doctor's hands, through the various stages to an aseptic condition.

With one or two exceptions the appliances and methods demonstrated have been devised by nurses and the methods which members of this profession are making.

The exhibit has been prepared and placed by Miss G. C. Ross and Miss Carolyn Conant Van Blarcom, assistant superintendents of the training school. Miss Van Blarcom is a graduate of the Johns Hopkins Hospital, and is the daughter of A. J. Conant, the artist, who will be well remembered by old St. Louisans.

A demonstration from the Johns Hopkins Hospital was deemed impossible because of the heavy losses sustained during the recent fire, but through the kindly interest of Mrs. Parkes-Maher the Maryland Commission made an appropriate arrangement for carrying on the work, even though it be at a late date.

# DOWIE TURNED DOWN BY LONDON HOTELS.

London, June 11.—John Alexander Dowie arrived here to-day from Holland and made a tour of the hotels, accompanied by his wife and son, and escorted by deacons in search of accommodations. Everywhere he met with refusal, as the hotel managers are afraid of a repetition of the reception which marks Dowie's former stay here.

Ultimately being unable to find lodgings, Dowie proceeded to the Zionist headquarters. Those had been connected with the police telephone, in anticipation of a possible onslaught by the mob.

# BRIDGE LEFT WITHOUT RIVER.

Flood Changes Course of Indian Territory Stream.

REPUBLIC SPECIAL.

Bufala, I. T., June 11.—The receding waters of the South Canadian River here left a bridge on dry land 200 yards from the stream across which it was built.

The South Canadian empties into the Canadian five miles south of here. A few hundred yards above the mouth of the South Canadian the citizens of Bufala had built a toll bridge in order to control the cotton trade between the two rivers. The high waters of last week cut a new channel for the South Canadian and now the citizens who built the bridge are cut off from it themselves by the change in the channel of the stream.

# CANNOT DISCHARGE HIS SON.

Charles H. Klauenberg Asks Court for an Injunction.

Charles H. Klauenberg applied to the Circuit Court yesterday for an injunction to restrain his son, Leo, from acting as barkeeper in the "Bell" saloon, at the northeast corner of Olive street and Leonard avenue.

He states that he invested \$2,300 in the saloon, and has been paying his son \$5 a month as barkeeper, but discharged him last Wednesday. His son, however, he alleges, has continued to act as barkeeper.

Judge Kliney made an order citing the defendant to show cause June 17 why his father's request should not be granted, a restraining order to prevail in the meantime.

# Makes Men Vigorous.

For the return of that youthful feeling of manhood a prominent Detroit physician and scientist in possession of a receipt which he has himself used in his own extensive private practice with the most startling success. Through the years have passed its equal has never been found and with it thousands of weak men have brought about the cure they so much longed for. The doctor will find it a gift of lasting value. It is good for sexual weakness, loss of manhood, nervousness, back, rheumatism, varicose, lack of force, prostration, trouble, night sweats, inability and the many other embarrassing conditions that beset the sexually imperfect man. It creates an immediate social feeling, warmth and good nature, forces active blood to the muscular tissue, builds confidence. It makes the man of 50 as good as 25, and the young man again eager for society and fit for marriage and parenthood. Satisfactory results are produced in a day's use, and a perfect cure in a few weeks, regardless of age or the cause of your condition.

If you need such a remedy send your name and address to-day to the Dr. Knape Med. Co., 27 Hill street, Detroit, Mich., and in an unmarked envelope the doctor will at once send you the receipt, as promised, explaining in detail what ingredients to use and how to compound it in his own home without being under obligation to anyone. It costs you nothing and the sooner you write the sooner you will be cured.
